Advantages

Happy Visitor

Why **Happy Visitor**

Towards Paperless front office

25+ Manual Registers can be digitised using Happy Visitor modules

Saving on Paper

~70 to 80% paper saving by getting rid of manual registers

Complete Automation

Complete Front office Digitization on one platform across corporate office and plants

Improved Productivity

Estimated ~5000+ Man hours saving spent on Manual entry by implementing Happy Visitor's Module

Saving on Storage Cost

Digitisation of the front office leads to paperless operation, thus additional space for record-keeping is not required

Proactive Workplace

Effective workplace management using Happy visitors touchless modules

Save
